Industrial
Door
Service
a division of

Elite Door & Industrial is taking all necessary and appropriate actions to help protect its employees, customers, and visitors amid the COVID-19 pandemic.

We continue to monitor and follow Health Canada, WHO and local guidelines. We will adjust our response as needed or required.

To date, we have taken the following steps:

1. We have halted all air travel by employees.
2. We have confirmed that none of our employees have traveled internationally within the last 14 days.
3. We are limiting customer and vendor visits at Elite Door location. Employee travel in between facilities has also been curtailed.
4. We have instructed all employees to practice good hygiene to include: staying home when sick (fever, cough, flu symptoms, etc.) or if coming into direct contact with someone experiencing these symptoms; frequent hand washing with soap and water; liberal use of hand sanitizers; covering mouth and nose with tissue for coughing/sneezing; and keeping safe distances.
5. Elite Door employees have been instructed to comply with all customer site requirements and testing, and to take appropriate protective measures when visiting a facility.
6. We are in continual contact with our supply chain regarding contingency planning.
7. **We will remain open to address any and all of your service requirements.**
8. **Our Priority is always, the safety and well-being of our Customers and Associates. Rest assured that we remain committed to being there for our Customers during these uncertain times.**
